FOR IMMEDIATE RELEASE:

Oshawa Public Libraries Announces Innovative Educational Tool: STEM Village

Oshawa Public Libraries, McLaughlin Branch, Saturday May 6th, 2017, 11 am – 2 pm

Oshawa Public Libraries launches STEM Village- a fun and educational tool that helps students on their journey to success. Science, technology, engineering and math are subjects most likely to make students feel intimidated. STEM Village makes learning fun and accessible.

On May 6th, 11am – 2pm in the McLaughlin Branch Studio, Oshawa Libraries unveils this interactive web-based tool to help students acquire STEM skills that are required for 90% of the top jobs today.

STEM Village is free for library members through the Library's website, and was created with the Ontario curriculum in mind for children throughout their school years. Together, families can create individual learning plans, track progress, and even set rewards.

To learn more about preparing the student in your life for Canada's top professions, visit us for hands on demonstrations of STEM Village.

***Oshawa Public Libraries** serves the City of Oshawa through 4 branches. To learn more about the Oshawa Public Libraries, visit our website at oshlib.ca. Get the most current updates on what's happening at the Library follow us on Twitter and Instagram @oshawalibraries.*
